

Made to Measure!

A complete fashion distribution network featuring

COUTURE TOTES™

A unique and innovative transport system designed specifically for the fashion industry. Garments and accessories arrive in *pristine* condition throughout the entire North American marketplace.

You benefit from :

-  Savings reduced transportation and carton costs
-  Flexibility accommodates both Garments on Hangers (GOH) and Flat Pack merchandise
-  Safety garments move in a secure environment safe from losses and potential external damage
-  Time-to-Market saves time loading and unloading; on sale more quickly
-  Eco-Friendly Totes are reusable
-  Customization specialized distribution programs are "designed" to meet your specific needs and budgets

Our additional coordinated services make Couture Totes even more compelling:

-  Freight Forwarding (ocean, air, trans-border)
-  Customs Brokerage
-  Warehousing and Distribution

Building Reliability
